-----------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

ZNOVU shrnu – ve 3. osobě čísla jednotného je u slovesa na konci – S - v otázce **DOES** he like pizza? Je už – S v tom slově **does**, proto ho ke slovesu už nedáváme.

I když třeba nebudete rozumět celé větě, to nevadí, stačí kouknout na osobu (I, you, he, she, kids, they,.....) a pak už musíte vědět v jakém tvaru to sloveso použijete – jestli s koncovkou – s nebo bez ní.

Pracovní list – vyber správné sloveso
